

Session Outline and Discussion Question
“Understanding Relationship Systems”
Vince D’Acchioli -- Session 44

Session Outline:

RELATIONSHIPS SYSTEMS

There are various types of relationships that we can enter into. Each type offers the participant a different result. Often men do not take enough time to consider which relationship system to enter into.

1. Discipleship / Mentor

Purpose: Spiritual growth and development for the one being disciplined.

(Gender specific)

Ideal Number: 2

Management: Mentor leads.

2. Fellowship / Social

Purpose: Meeting other Christians, building friendships and prayer support.

Ideal Number: 8-12

Management: Host or leader led.

3. Study / Information

Purpose: Bible study or other structured learning systems designed to build knowledge.

Ideal Number: Open

Management: Study group leader.

4. Accountability / Encourager

Purpose: Prayer support, advice, encouragement and accountability.

(Gender specific)

Ideal Number: 3-5

Management: Leaderless with some structure/questions.

Life Application:

We need to consider which of the above systems are best for where we are in our journey. It is also important to consider the people we are meeting with. Do they love the Lord? Will they be available, accountable, vulnerable and teachable? Will they keep my secrets--no matter what?

Prov. 27:17 *As iron sharpens iron, so one mans sharpens another.*
